

Never again 2020!

Nie wieder 2020!

Plus jamais 2020!

Чтобы 2020 год не повторился!

2020'ye son!

Let's get vaccinated!

The national COVID-19 vaccination strategy will implement a fair distribution of corona vaccines in two phases: in the first phase, vaccination will be available to risk groups and systemically important sections of the population. In the second phase, vaccination will be available to the general public. For the latest information, please visit: [bundesgesundheitsministerium.de](https://www.bundesgesundheitsministerium.de)

**Let's stop the coronavirus pandemic together:
Protect yourself and your fellow citizens with a COVID-19 vaccination.
Your local pharmacy will be happy to advise you.**
